

2026 (G26) Grants and Cooperative Agreements Program Fresno County Sheriff's Office's Factual Findings

The information provided below is the OHMVR Division's Factual Findings for this Applicant. The information provided reflects the OHMVR Division's review and determination of the Applicant's final Application.

Law Enforcement: G26-03-08-L01

Need Assessment

- Item #1 – Applicant is reminded enforcement of vehicle issues, including off-highway vehicles and e-motos, on paved roadways is an on-highway patrol issue. While the Division understands OHV use on roadways is an illegal activity, pursuant to California Vehicle Code Section 38000 et seq., the provisions of Division 16.5 apply exclusively to the operation of off-highway motor vehicles (CVC 38006) on lands other than highways (CVC 38001). Paved public roadways are legally classified as highways under the California Vehicle Code and therefore fall outside the jurisdictional scope of Division 16.5 and are not eligible for use of OHV Grant funds for patrol activities. Applicant is reminded that patrol activities should be primarily focused on vehicle recreation that occurs off highway on lands described in CVC 38001.

Needs Enforcement Certification

- #9 – Applicant is reminded that California Vehicle Code 38240(b) states "(b) The funds collected under Section 38230 shall be used for the purposes set forth in Sections 5090.50 and 5090.64 of the Public Resources Code.
- #10 – Applicant must describe how it is meeting the law enforcement operational needs (patrol time, staffing levels, education, patrol vehicles, OHV patrol vehicles, call volume, response time, regulatory signage, etc.) of the OHV areas and/or OHV designated routes within its jurisdiction, not how the Forest is meeting the maintenance needs. *PRC § 5090.53. Conditions for Grants or Encumbrance of Funds No funds may be granted or expended pursuant to Section 5090.50, unless all of the following conditions are met:(h) The recipient has included in its application a description of how it is meeting the operations and maintenance needs of any existing off-highway motor vehicle recreation facility under its jurisdiction.

Project Cost Estimate

- No change.
