## ILLEGAL CANNABIS HARMS THE ENVIRONMENT

Illegal cannabis cultivation can threaten entire habitats by damaging waterways and poisoning wildlife.

### IF YOU SEE...

- Fuel, fertilizer, or pesticide packaging
- Tarps or irrigation line
- Cannabis plants
- Unusual dams or wells

### YOU SHOULD:

- Leave the area right away
- Avoid contact with suspicious items and people
- If you are safely able to use a mobile phone, record your GPS location and/or take a photo
- When safe, report the location to State Park staff:  
**888-PRK-TIPS**
- If you are in danger, call 911
