TAG Quarterly Progress Report – Q4 2026

Date Posted: October 30, 2026

This is the Technical Advisory Group (TAG) Quarterly Progress Report for the Fourth Quarter of 2026.

A TAG Meeting was held virtually (via Teams) on October 27, 2026 at 11am. TAG members were updated on the current project status, which included notifying the TAG membership that internal review of the Scope of Work (SOW) is still in progress. CA State Parks informed the TAG that once a project SOW is finalized, CA State Parks will begin a Project Evaluation Form/Study (PEF) to help determine project costs and identify permitting needs.

The next TAG Meeting will be scheduled based on TAG membership availability in Q1 2027.
